
Reference Projects
planned & built by KPV Solar

A wide-angle photograph of a solar farm at sunrise or sunset. The solar panels are arranged in neat rows on a grassy field, reflecting the low sun. In the background, there is a dense forest, a body of water, and distant mountains under a hazy sky.

We think PV.

Rafsanjan

Capacity	1,208 kWp
PV Panels	Kioto
Inverters	Fronius
Mounting Structure	Alumero
Connection	North Kerman Utility
Yield	1,900 kWh/kWp
Start of Construction	March 2017
Initial Operation	June 2017

Iran

Mercadillo

Capacity	2,066 kWp
PV Panels	Kioto
Inverters	Xantrex
Mounting Structure	Lorentz
Connection	Endesa
Yield	1,900 kWh/kWp
Start of Construction	April 2008
Initial Operation	October 2008

Spain

Macael

Capacity	1,650 kWp
PV Panels	Q-Cells
Inverters	Xantrex
Mounting Structure	Schletter
Connection	Endesa
Yield	1,710 kWh/kWp
Start of Construction	August 2008
Initial Operation	October 2008

Soleto / ITALY

We think PV.

Crnomelj 1+2+3

Capacity	2,395 kWp
PV Panels	Kioto
Inverters	SMA
Mounting Structure	Hilti
Connection	Elektro Ljubljana
Yield	1,245 kWh/kWp
Start of Construction	August 2010
Initial Operation	November 2010

Slovenska Bistrica

Capacity	999 kWp
PV Panels	Kioto
Inverters	SMA
Mounting Structure	Hilti
Connection	Elektro Maribor
Yield	1,190 kWh/kWp
Start of Construction	September 2010
Initial Operation	November 2010

Zorenci 1+2

Capacity	1,312 kWp
PV Panels	Kioto
Inverters	SMA
Mounting Structure	Hilti
Connection	Elektro Ljubljana
Yield	1,230 kWh/kWp
Start of Construction	October 2011
Initial Operation	December 2011

Slovenia

Ribnica

Capacity	999 kWp
PV Panels	Kioto
Inverters	SMA
Mounting Structure	Hilti
Connection	Elektro Ljubljana
Yield	1,000 kWh/kWp
Start of Construction	May 2012
Initial Operation	June 2012

Soleto

Capacity	999 kWp
PV Panels	Kioto
Inverters	SMA
Mounting Structure	Hilti
Connection	Enel
Yield	1,620 kWh/kWp
Start of Construction	November 2009
Initial Operation	January 2011

Lequile 1+2+3

Capacity	2,993 kWp
PV Panels	Kioto
Inverters	SMA
Mounting Structure	Hilti
Connection	Enel
Yield	1,620 kWh/kWp
Start of Construction	September 2009
Initial Operation	January 2011

Italy

San Vito

Capacity	2,928 kWp
PV Panels	Kioto
Inverters	SMA
Mounting Structure	Hilti
Connection	Enel
Yield	1,590 kWh/kWp
Start of Construction	July 2011
Initial Operation	August 2011

Collemeto 1+2

Capacity	1,990 kWp
PV Panels	Kioto
Inverters	SMA
Mounting Structure	Hilti
Connection	Enel
Yield	1,640 kWh/kWp
Start of Construction	June 2011
Initial Operation	August 2011

Sant'Agata

Capacity	698 kWp
PV Panels	Kioto
Inverters	Fronius
Mounting Structure	Hilti
Connection	Enel
Yield	1,137 kWh/kWp
Start of Construction	April 2012
Initial Operation	June 2012

Italy

Crnomelj / SLOVENIA

We think PV.

Isola Rizza

Capacity	942 kWp
PV Panels	Kioto
Inverters	SMA
Mounting Structure	Hilti
Connection	Enel
Yield	1,100 kWh/kWp
Start of Construction	May 2012
Initial Operation	June 2012

Mozzecane

Capacity	919 kWp
PV Panels	Kioto
Inverters	LTi
Mounting Structure	Alu-k
Connection	Enel
Yield	1,165 kWh/kWp
Start of Construction	May 2012
Initial Operation	June 2012

Cologna Veneta / Pescantina

Capacity	2,718 kWp
PV Panels	Kioto
Inverters	SMA
Mounting Structure	Mounting Systems
Connection	Enel
Yield	1,130 kWh/kWp
Start of Construction	December 2012
Initial Operation	February 2013

Italy

Italy

Caprino

Capacity	997 kWp
PV Panels	Kioto
Inverters	Danfoss
Mounting Structure	Aluk
Connection	Enel
Yield	1,145 kWh/kWp
Start of Construction	June 2013
Initial Operation	August 2013

Novi di Modena

Capacity	1519 kWp
PV Panels	Kioto
Inverters	Power One
Mounting Structure	Impol
Connection	Enel
Yield	1,086 kWh/kWp
Start of Construction	September 2013
Initial Operation	December 2013

Ferrara 1 (Basell)

Capacity	999 kWp
PV Panels	Sun Earth
Inverters	Siel
Mounting Structure	Hold Pipe
Connection	Enel
Yield	1,210 kWh/kWp
Start of Construction	June 2013
Initial Operation	November 2013

Ferrara 2 (Parcheggio)

Capacity	1,642 kWp
PV Panels	Heckert
Inverters	Siel
Mounting Structure	La Metalforme
Connection	Enel
Yield	1,240 kWh/kWp
Start of Construction	May 2013
Initial Operation	December 2013

Ferrara 3 + 4 (Yara + Stalla)

Capacity	993 + 786 kWp
PV Panels	Kioto
Inverters	Power One
Mounting Structure	Hold Pipe
Connection	Enel
Yield	1,138 kWh/kWp
Start of Construction	September 2013
Initial Operation	December 2013

Castello d'Argile

Capacity	2,010 kWp
PV Panels	Kioto
Inverters	LTi
Mounting Structure	Hilti
Connection	Enel
Yield	1,330 kWh/kWp
Start of Construction	September 2013
Initial Operation	December 2013

Italy

Rafsanjan / IRAN

We think PV.

Quistello

Capacity	700 kWp
PV Panels	Kioto
Inverters	SMA
Mounting Structure	Alu-k
Connection	ENEL
Yield	1,080 kWh/kWp
Start of Construction	September 2014
Initial Operation	December 2014

Italy

Karlovo

Capacity	3,496 kWp
PV Panels	Kioto
Inverters	SMA
Mounting Structure	Hilti
Connection	EVN
Yield	1,450 kWh/kWp
Start of Construction	March 2011
Initial Operation	December 2011

Bulgaria

Madrino

Capacity	1,996 kWp
PV Panels	Kioto
Inverters	SMA
Mounting Structure	Hilti
Connection	EVN
Yield	1,480 kWh/kWp
Start of Construction	April 2012
Initial Operation	June 2012

Diwan Annex

Capacity	340 kWp
PV Panels	Kioto
Inverters	SMA
Mounting Structure	Hilti
Connection	Kahrama
Yield	1,600 kWh/kWp
Start of Construction	August 2012
Initial Operation	March 2013

Qatar

Al Sadd

Capacity	264 kWp
PV Panels	Kioto
Inverters	SMA
Mounting Structure	Hilti
Connection	Off-grid
Yield	1,600 kWh/kWp
Start of Construction	September 2014
Initial Operation	December 2014

Satov

Capacity	2,495 kWp
PV Panels	Kioto
Inverters	LTi
Mounting Structure	Hilti
Connection	E-on
Yield	1,030 kWh/kWp
Start of Construction	September 2010
Initial Operation	December 2010

Czech Rep.

Tulln

Capacity	399 kWp
PV Panels	Kioto
Inverters	ABB
Mounting Structure	Hilti
Connection	EVN
Yield	900 kWh/kWp
Start of Construction	November 2013
Initial Operation	March 2014

Austria

France

Aurillac

Capacity	594 kWp
PV Panels	Kioto
Inverters	ABB
Mounting Structure	Enersteel
Connection	EDF
Yield	1,200 kWh/kWp
Start of Construction	August 2017
Initial Operation	October 2017

- 150 Million EUR EPC volume realised
- More than 50 MWp projects built
- Projects realised in 9 countries
- Ground mount, rooftop, carports

KPV Solar Headquarters

We think PV.

The sun rises
in Austria.
